

Young People

seem not to care about political issues.

I am a young person and I care about what this world is like, how it is run and what decisions are made.

DON'T MAKE THE MISTAKE THAT WE DON'T
CARE.

WE DO CARE. I CARE BECAUSE I AM INFORMED ABOUT
WHAT THE HELL IS GOING ON.

It's only a matter of time before my generation all have the clear view. I want to help this happen. I want to change this cliché.
